MEMORANDUM FOR:   
SUBJECT :

25X1A9a

1. On the attached, Colonel Edwards recommends to the Director that  be terminated under the provisions of Section 102(c), but that he be given an opportunity to resign. It seems to me that basically  has violated possibly two Agency regulations, i.e., traveling abroad without advising the Agency of the reasons for this personal trip and marrying an alien without securing prior Agency approval. It is my recollection that either or both of these violations would justify an administrative termination in the event  did not resign. 25X1A9a However, will you check these points with the view of attaching a further recommendation to the Director, deleting reference to use of the authority contained in Section 102(c)?

2. This has been discussed with  of Security, and he is in agreement with this approach if it is possible.
